

## Frequently Asked Questions

### **What are your specialties?**

We specialize in family and cosmetic dentistry. Our practice focuses on procedures designed to improve the appearance of your smile, including restorative and preventative treatments.

### **Do you offer financial assistance?**

Yes. We offer several options to make dental work easy and affordable to everyone. See our Financing page for more information.

### **What cosmetic procedures do you offer?**

We offer a range of cosmetic procedures for a variety of problems, including full smile makeover plans. See our Cosmetic Dentistry page for more information on the specific cosmetic procedures we offer.

### **What procedures are right for me?**

The procedures that are right for you will depend on your current dental condition, as well as your personal goals and expectations.

To learn more about your options, call or email our Lethbridge, Alberta Canada office today to schedule your free personal consultation. We'll be happy to discuss your options with you and answer any other questions you might have.

### **Dental visits make me nervous. What options are available to me?**

We offer a range of sedation dentistry options for patients who suffer from anxiety.

### **Will my procedure be painful?**

Most procedures we perform should not be painful to you at all. We offer a range of pain management options to ensure that you are not in pain during your procedure. While some procedures involve some discomfort, nobody should experience real pain during their dental work.

### **Other questions?**

Call or email our Lethbridge, Alberta office today. We'll answer any questions you have at your free, no obligation personal consultation.
